✓ 1) The AFS Opt-in policy states that if your SEM campaign spends over $X on Google Search, you must opt-in to the AFS network. What is X? *7/7

- (●) >$10,000 per month ✓
- ( ) >$15,000 per month
- ( ) >$20,000 per month

✓ 2) A Google Product Marketing Manager is pressuring you to increase the number of conversions on an SEM campaign. There is plenty of budget, and you think that increasing the position of the ad would help. Which of the following is permissible? *7/7

- ( ) Increase your bid size to $1500 to guarantee the top ad spot
- (●) Stick to managing your campaign within the approved limits as communicated by the Google Media Lab and Finance teams ✓

- ( ) Manage your campaign slightly above the recommended high bid caps in order to slightly increase the ad position

✓ 3) A new Essence employee joined your team today. Are you allowed to grant this employee access to the House Ads campaigns you are managing? *7/7

- ( ) Yes - this person will need access to help you manage House Ads campaigns
- ( ) Yes - but only if your Essence manager told you to do so
- (•) No - this is never allowed. Only House Ads Certified Essence Leads or Media Lab can grant access to House Ads campaigns. ✓

✓ 4) As you setup a new campaign, how should you name the campaign? * 7/7

- (•) Using the provided product-specific naming convention ✓
- ( ) Using a name that describes targeting audience and targeting method
- ( ) Using your product, and a random string of numbers that would qualify as a unique identifier

✓ 5) A Google Product Marketing Manager contacts you directly with an urgent request - she needs you to create a new House Ads SEM campaign to promote Chromebooks, and it needs to be launched today. What should you do? *6/6

- ( ) Setup the new campaign and launch it as soon as possible
- ( ) Review the campaign request first. If it's within House Ads policies, go ahead and setup the campaign
- ( ) Ask your manager at Essence for approval to setup the campaign. Once your manager at Essence has approved, go ahead and setup the campaign

- (selected) Forward the campaign to the Media Lab team for review, and wait for further instructions from the Media Lab team ✓

✓ 6) Which of the following keyword match types are not allowed to be used without additional approval from the Media Lab? *6/6

- (selected) Broad match ✓
- Phrase Match
- Broad Match Modifier
- Exact Match

✓ 7) As a House Ads certified campaign manager, you may receive emails containing a list of brand safety keywords, placement and mobile exclusions. What should you do with this information? *6/6

- Pass this information on to your manager
- Nothing; Death Star will all necessary keyword and placement exclusions.
- Nothing; this information is only for Google employees
- (selected) Add the necessary negative exclusions for video & mobile campaigns ✓

✓ 8) When is it permissible for a House Ads campaign to drive traffic to a landing page that is not owned and operated by Google? *6/6

- (selected) Only when your Media Lab POC or Google Product Marketing Manager have acquired all necessary approvals after filing their request at go/houseadsexceptions ✓
- This is always permissible as many campaigns need to drive traffic to a 3rd party's landing page

landing page

- ○ The Google Product Marketing Manager can give the ok without acquiring any other approval
- ○ This is permissible in all House Ads campaigns that Essence manages

✓ 9) Logging into Adwords, you see that several of the House Ads campaigns you manage have been paused due to policy violations. What should you do? (Please select all answers that apply) *6/6

- ☑ Make sure the campaign is compliant with all House Ads policies. When the campaign is fixed, you will be able to turn your campaign back on ✓
- ☐ Ask the Media Lab to fix your campaign for you
- ☐ Ask a Google Product Marketing Manager to turn the campaign on for you
- ☑ If you have questions about why your campaign was flagged, reach out to the Media Lab team ✓

✓ 10) Which of the following is true about running a remarketing campaign? (Please select all answers that apply) *6/6

- ☐ You should ensure that the creatives acknowledge that the user is being remarketed to
- ☑ Campaigns should not exceed a frequency cap of 5/week or 3/24hrs ✓
- ☑ The campaign's Product Marketing Manager should be informed of plans to use remarketing in the campaign ✓

✓ 11) Can House Ads SEM campaign target competitor branded and/or trademarked keywords? *6/6

- ○ House Ads are allowed to target competitor branded and/or trademarked terms if you think it makes sense to do so
- ○ House Ads are allowed to target competitor branded and/or trademarked terms if the PMM thinks it makes sense to do so

- [x] Targeting another company's branded and/or trademarked terms in an SEM campaign requires an approved exception from the Media Lab ✓

✓ 12) A product team has asked you to run a House Ad campaign promoting Google Calendar, to encourage people to use them for wedding organization. However, the landing page doesn't mention weddings anywhere. Which of the following is true? *6/6

- [ ] You can bid on wedding-related keywords as long as the ad mentions weddings
- [ ] You can bid on wedding-related keywords as long as you don't use keyword insertion
- [x] You cannot bid on wedding-related keywords until the landing page explains how the product can be used specifically for weddings ✓

✓ 13) Which of the following remarketing guideline is false? * 6/6

- [ ] Floodlight and Google Ads conversion pixels require privacy review and you should reach out to Product Marketing Manager to request the necessary approvals
- [x] Using PII or Placing Pixels within an email requires an approved exception from the Media Lab and you should reach out to Product Marketing Manager ✓
- [ ] Customer Match campaigns require additional approvals and you should reach out to Product Marketing Manager or your Media Lab POC
